45th FIG ARTISTIC GYMNASTICS WORLD CHAMPIONSHIPS, NANNING (CHN) FROM 3-12 OCTOBER, 2014

GYMNASTS' DRAWING OF LOTS PROCEDURES

We are pleased to hereby submit the procedures for the MAG and WAG gymnasts drawing of lots for the 45th FIG Artistic Gymnastics World Championship in Nanning (CHN). This draw will be conducted in accordance with the FIG Technical Regulations, 2014 edition.

CI - Qualifications

General principle: random draw for mixed groups and teams into the subdivisions

First step: to draw the individual gymnasts into the "mixed groups"

- To prepare bowl #1 with the names of countries with individuals.
- To prepare bowl #2 with numbers equal to the number of "mixed groups".
- To put the cards with the names of countries with 3 gymnasts into bowl #1; to draw the country from bowl #1, then the number for the "mixed group" from bowl #2.
- To put the cards with the names of countries with 2 gymnasts into bowl #1; to draw the country from bowl #1, then the number for the "mixed group" from bowl #2.
- To put the cards with the names of countries with 1 gymnast into bowl #1; to draw the country from bowl #1, then the number for the "mixed group" from bowl #2.

Note: when a "mixed group" is full, then to take the number for the "mixed group" out from bowl #2.

A maximum of five (5) athletes per "mixed group" will in principle be allowed so as to not exceed the "team group" of 5 athletes. In exceptional cases, mixed groups may also be composed of 6 or 7 gymnasts if needed. No individual gymnasts may be added to a "team group".

Second step: to draw the teams and "mixed groups" into the subdivisions

- To prepare the cards with the names of the countries with a "team" and with the numbers for the "mixed groups".
- To prepare the cards indicating the subdivisions' number and the apparatus within the subdivision as follows:

Example for MAG		
Subdivision	1	Floor Exercise
Subdivision	1	Pommel Horse
Subdivision	1	Rings
Subdivision	1	Vault
Subdivision	1	Parallel Bars
Subdivision	1	Horizontal Bar
Subdivision	2	Floor Exercise
Subdivision	2	Pommel Horse
etc. for each subdivision		

Example for WAG		
Subdivision	1	Vault
Subdivision	1	Uneven Bars
Subdivision	1	Balance Beam
Subdivision	1	Floor Exercise
Subdivision	2	Vault
Subdivision	2	Uneven Bars
etc. for each subdivision		

- To put the cards with the names of the countries with “teams” and with the “mixed groups” into bowl #1.
- To put the subdivision and apparatus into bowl #2.
- To draw alternately from bowl #1 and bowl #2, until all “teams” and “mixed groups” are assigned.

Note: As per EC decision, ISR has been drawn in the first Subdivisions for MAG
