1. WELCOME MESSAGES

FISU President

Dear Participants,
Dear Heads of Delegations and Coaches,

On behalf of the International University Sports Federation, it is a pleasure and honour for me to welcome you in Gwangju – Republic of Korea – on the occasion of the 28th Summer Universiade from 3 July to 14, 2015.

I would like to emphasise the enormous work made throughout the last two years by the FISU Technical delegates under the supervision of the CTI Chairperson, the FISU staff from the Summer Universiade department and the sports Directors from the Organising Committee.

They have worked continuously in close co-operation with all relevant Federations and authorities to give the opportunity to the student athletes to compete in the best possible conditions.

The manual which is presented to you here is a result of the efforts being made by each and every one in order to provide the team officials and athletes all necessary sports information to participate in a smooth manner and perform at their best.

We would like to thank the officials and members of the Organising Committee for their hard work in making this event one of the best in the FISU history. Without their enthusiasm and dedication we would not have been able to integrate all partners (volunteers, judges and referees, private and public sectors, and athletes) in this event.

We, FISU and the Organising Committee, look forward to your participation.

We are convinced that this 28th Summer Universiade will be a great sporting and human experience for all participants and more specifically for the student-athletes who will compete first here in Gwangju.

I and the entire FISU Family wish you all the best for a most successful Summer Universiade here in Gwangju.

Claude-Louis Gallien
FISU President

OC Co-Chairs

I would like to extend my gratitude and hearty welcome to the athletes, coaches and delegates who are visiting Gwangju for this Summer Universiade 2015. Under the slogan, "Light Up Tomorrow" with the light of creation and the light of the future, the 28th Summer Universiade is being held this year from July 3rd to July 14th, as a stage for world youth to compete and display their passion and challenge themselves and their peers through sports.

In addition, we are proud that the event focuses on the so called EPIC concept, an acronym representing Ecology, Peace, IT and Culture, and we would like to share the spirit of Gwangju with youth from all over the world. EPIC symbolizes Gwangju as a city of democracy, human rights and peace, which will hopefully spread to each and every part of the globe through this Summer Universiade.

For over six years, the citizens of Gwangju have devoted themselves to preparing for this mega sports event for youth in cooperation with relevant parties so that the participating athletes may perform at their best in a perfect environment. Our goal is to make sure that the athletes and officials, staff and media will participate in the Universiade conveniently and safely to make this the best Universiade in history in terms of competition management, transportation, accommodation, security, tourism, culture, etc.

I hope that as future leaders in Korea and other nations of the globe, the university students that are here will learn leadership, respect for others and the value of sacrifice and sharing through this Gwangju Universiade.

Therefore, I find great pleasure in hosting this wonderful sporting event where the world's youth will compete and challenge themselves to do their best in Gwangju, and I hope that all the participants will make many good friends and enjoy the arts and culture, taste and charm of the warm-hearted welcome of the people of Gwangju, Korea.

The circle is surrounded by four trigrams, one in each corner. Each trigram symbolizes one of the four universal elements: heaven, earth, fire, and water.

History and Culture

Life was discovered in the Korean peninsula about 700,000 years ago, and around BC 2000, Gojoseon, the first kingdom of Korea was born. As a country of 5000-year history, Korea has many diverse cultures and relics, as well as unique regional specialty products.

Doping Control

General Information

Doping control during the Gwangju Summer Universiade 2015 will be strictly conducted by the Organizing Committee according to WADA and FISU regulations in order to ensure a fair competition and promote good sportsmanship.

Doping control will begin from the official AV opening date until the end of the Universiade. Participating athletes must abide by relevant regulations and follow given guidelines when they have been selected and notified for testing. Any athlete who refuses to undergo testing, or interferes with the testing process, will considered to have a doping violation and subject to disciplinary action.

Doping Control Station (DCS)

Doping control stations are designed in accordance with WADA and FISU regulations. Samples for testing are collected in the Doping Control Station of each competition venue and can be collected at the Doping Control Center(Doping Control Station) located within the Athletes Village.

The Doping Control Station for Rhythmic gymnastics is situated on the 1st floor of Kwangju Women's University Universiade Gymnasium.

The athlete must report to the doping control station in a reasonable amount of time from selection. The athlete will be allowed to attend ceremonies, press conference, etc., as long as they are accompanied by their chaperone.

Sample Collection

Athletes selected for testing will be notified immediately following the competition and will be under constant visual observation by a Chaperone until they enter the Doping Control Station. At the station, sample (urine and/or blood) will be collected in a vessel, then sealed and submitted for transportation to the WADA approved laboratory under the supervision of a Doping Control Officer.

Athletes Obligation

The athlete must have their Accreditation with them at all times.

The athlete must report all medications taken in the prior month.

The athlete must present their TUE Document if he/she has one.

Athletes who test positive for banned drugs and fail the doping test may be subject to disqualification and disciplinary action.

A team may request doping control tests be performed on an athlete who has not been selected for doping control.

Examples of indications for this request are for National Records, or Target Testing. These athletes must report to the TIC where they will have to complete the "FISU Doping Control Request Form". They will then be escorted to the Doping Control Station.
